INTRODUCTORY SECTION

TOWN OF CANTON
FOUR MARKET STREET
P.O. BOX 168
COLLINSVILLE, CONNECTICUT 06022-0168

December 20, 2010

To the Members of the Board of Selectmen,
Board of Education, Board of Finance and
Citizens of the Town of Canton, Connecticut:

State law requires that all local governments publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement and in conjunction with the services of CCR LLP who completed the audit, we hereby issue the Comprehensive Annual Financial Report of the Town of Canton, Connecticut for the fiscal year ended June 30, 2010.

This report was prepared by the Town Finance Department under the direction of the Chief Administrative Officer with the services of CCR LLP as the Town's contractual auditor. The report consists of management's representations concerning the finances of the Town. Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed both to protect the Town's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town's financial statements in conformity with GAAP. Because of the cost of internal controls should not outweigh their benefits, the Town's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. The concept of reasonable assurance recognizes that the valuation of costs and benefits requires estimates and judgments by management. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town's financial statements have been audited by CCR LLP, a firm of licensed certified public accountants appointed by the Board of Finance. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town for the fiscal year ended June 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering unqualified opinions that the Town's financial statements for the fiscal year ended June 30, 2010, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town was part of a broader, federally and state mandated "Single Audits" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditors to report not only on the fair presentation of the financial statements, but also on the Town's internal controls and compliance with certain provisions of laws, regulations, contracts and grants applicable to federal and state single audit major programs. The Federal and State single audit report is available in the Town's separately issued Federal and State Single Audit reporting package.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Description of the Town

Canton, first settled as a part of Simsbury, was incorporated in May 1806. The Town covers an area of 25 square miles and is 14 miles west of Hartford astride the Farmington River. It is bounded on the north by Barkhamsted and Granby, on the east by Simsbury, on the south by Avon and Burlington and on the west by New Hartford. U.S. Route 44, a major four-lane east-west highway, traverses the Town. State Routes 177, 179, 202, 309 and 565 also serve the Town. Freight service is provided by various motor common carriers and passenger transportation is available by bus to Hartford and surrounding towns. Amtrak passenger rail service is available in Hartford. Bradley International Airport lies 18 miles to the northeast.

Form of Government

Canton utilizes the Town Meeting/Board of Selectmen/Board of Finance form of government under a Town Charter last revised effective January of 2010. In all cases except the adoption of ordinances the Town Meeting acts as the legislative body. The five-member Board of Selectmen formulates and executes policy. A part-time First Selectman serves as the Chief Executive Officer. A Chief Administrative Officer (CAO), appointed by the Board of Selectmen, is responsible for the administration of all departments, agencies, and appointed officials of the Town. An elected six-member Board of Finance is responsible for the Town's fiscal policy and is assisted by a Finance Officer who maintains the financial records and also serves as Treasurer. Development in the Town is administered through a Zoning Commission, a Planning Commission, an Inland Wetlands and Watercourse Agency, and Land Use Department. The Land Use Department consists of a Director of Planning and Community Development, an Assistant Town Planner/Zoning Enforcement Officer, and a Land Use Coordinator.

The Town provides a full range of services, including police and fire protection; emergency medical services; highway, parks and other infrastructure construction and maintenance; solid waste disposal; elementary and secondary education; recreational activities; and library services.

The annual budget serves as the foundation for the Town's financial planning and control. All departments and units of the Town are required to submit requests for appropriation to the CAO by mid-December each year. The CAO uses these requests to develop a proposed budget, which is presented to the Board of Selectmen on the second Monday of February each year. The Board of Selectmen hold public review sessions before approving a proposed budget and submitting it to the Board of Finance by the second Monday of March each year. The Board of Finance reviews the budget with the Board of Selectmen and holds a public hearing in early April each year. The Board of Finance may reduce the budget before recommending the budget to the annual town budget meeting, at which electors adopt the annual budget unless a referendum is petitioned and the meeting adjourned to a special budget referendum election.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town of Canton operates.

Local Economic Condition and Outlook

Local economic indicators have slowed considerably. Application for building permits has decreased significantly. The stability in residential housing prices indicates that the town is a desirable community in which to reside. The October 2010 Grand List is projected to increase .25% over the prior grand list. Retail business in the village of Collinsville, with a niche of antiques and life-long recreation, is experiencing resurgence from tourists and from outdoor enthusiasts using the rails-to-trails segment along the Farmington River in Burlington and Collinsville. The construction of Phase III of the trail is on going.

Long-Term Financial Planning

The Capital Projects Funds provide financial resources for the acquisition of major equipment or the construction of capital facilities. Acquisitions or projects are identified and included within the annual five-year capital improvement plan. The plan for the ensuing five-year period is developed, adjusted and adopted as part of the budget process. Appropriations are made on an annual basis by the Board of Selectmen, Board of Finance and Board of Education within the respective operating budgets for infrastructure and facility improvements and vehicle and equipment acquisition.

Due to the State of Connecticut budget crisis, increased intergovernmental grant amounts are not anticipated.

Internal Service Fund

The Town has an Internal Service Fund, a self-insurance fund, to account for and finance the medical benefit claims for eligible employees of both the general government and the Board of Education and their enrolled dependents. The Town retains the risk of loss under the plan it provides. A third party processes the claims filed under the self-insured plans and charges an administrative fee. The fund also pays for a stop loss policy for claims exceeding \$150,000 for each participant and 125% of expected claims in any plan year.

Pension Trust Fund Operations

The Town has a Pension Trust Fund for Town employees hired prior to January 1, 2002, including unionized paraprofessional staff, police officers, dispatchers, public works employees; non-unionized Town professional employees; and Board of Education employees excluding participants in the State Teachers Retirement System. Teacher pension contributions provided and managed by the State of Connecticut on behalf of the Town are disclosed in the Town's financial statements but are not a part of the Town's Pension Trust Funds.

The Town's pension assets are invested in a variety of asset classes. Accounts consisting of small and large capitalization domestic equity funds (both growth and value funds), an international equity fund, a fixed income fund, and cash equivalents are managed by investment professionals. The firm is responsible for coordinating and monitoring the management of the investments within guidelines contained in an approved investment plan.

Employees hired since January 1, 2002 participate in a Defined Contribution Pension Plan.

A five-member Pension Committee appointed by the Board of Selectmen meets quarterly to review investment performance and asset allocation decisions. The investment policy and allocation guidelines are adjusted on a periodic basis by the Board of Selectmen upon recommendation by the Pension Committee.

Other Post Employment Benefits Trust

A Trust Fund was established to account for other post employment benefits which are offered to teachers as required by the State of Connecticut, or others who were grandfathered by the Board of Education.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Canton for its Comprehensive Annual Financial Report for the Year Ended June 30, 2009. This was the tenth consecutive year that the Town has received this prestigious award. In order to be awarded a Certificate of Achievement, the Town published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine eligibility for another certificate.

We wish to express our appreciation to the staff of the Finance and administration departments for their support and preparation of this financial report. Without their efficient and dedicated service, this report would not be possible. We would also like to thank the many employees in the various departments who provided additional information necessary to prepare the Comprehensive Annual Financial Report.

Respectfully submitted,

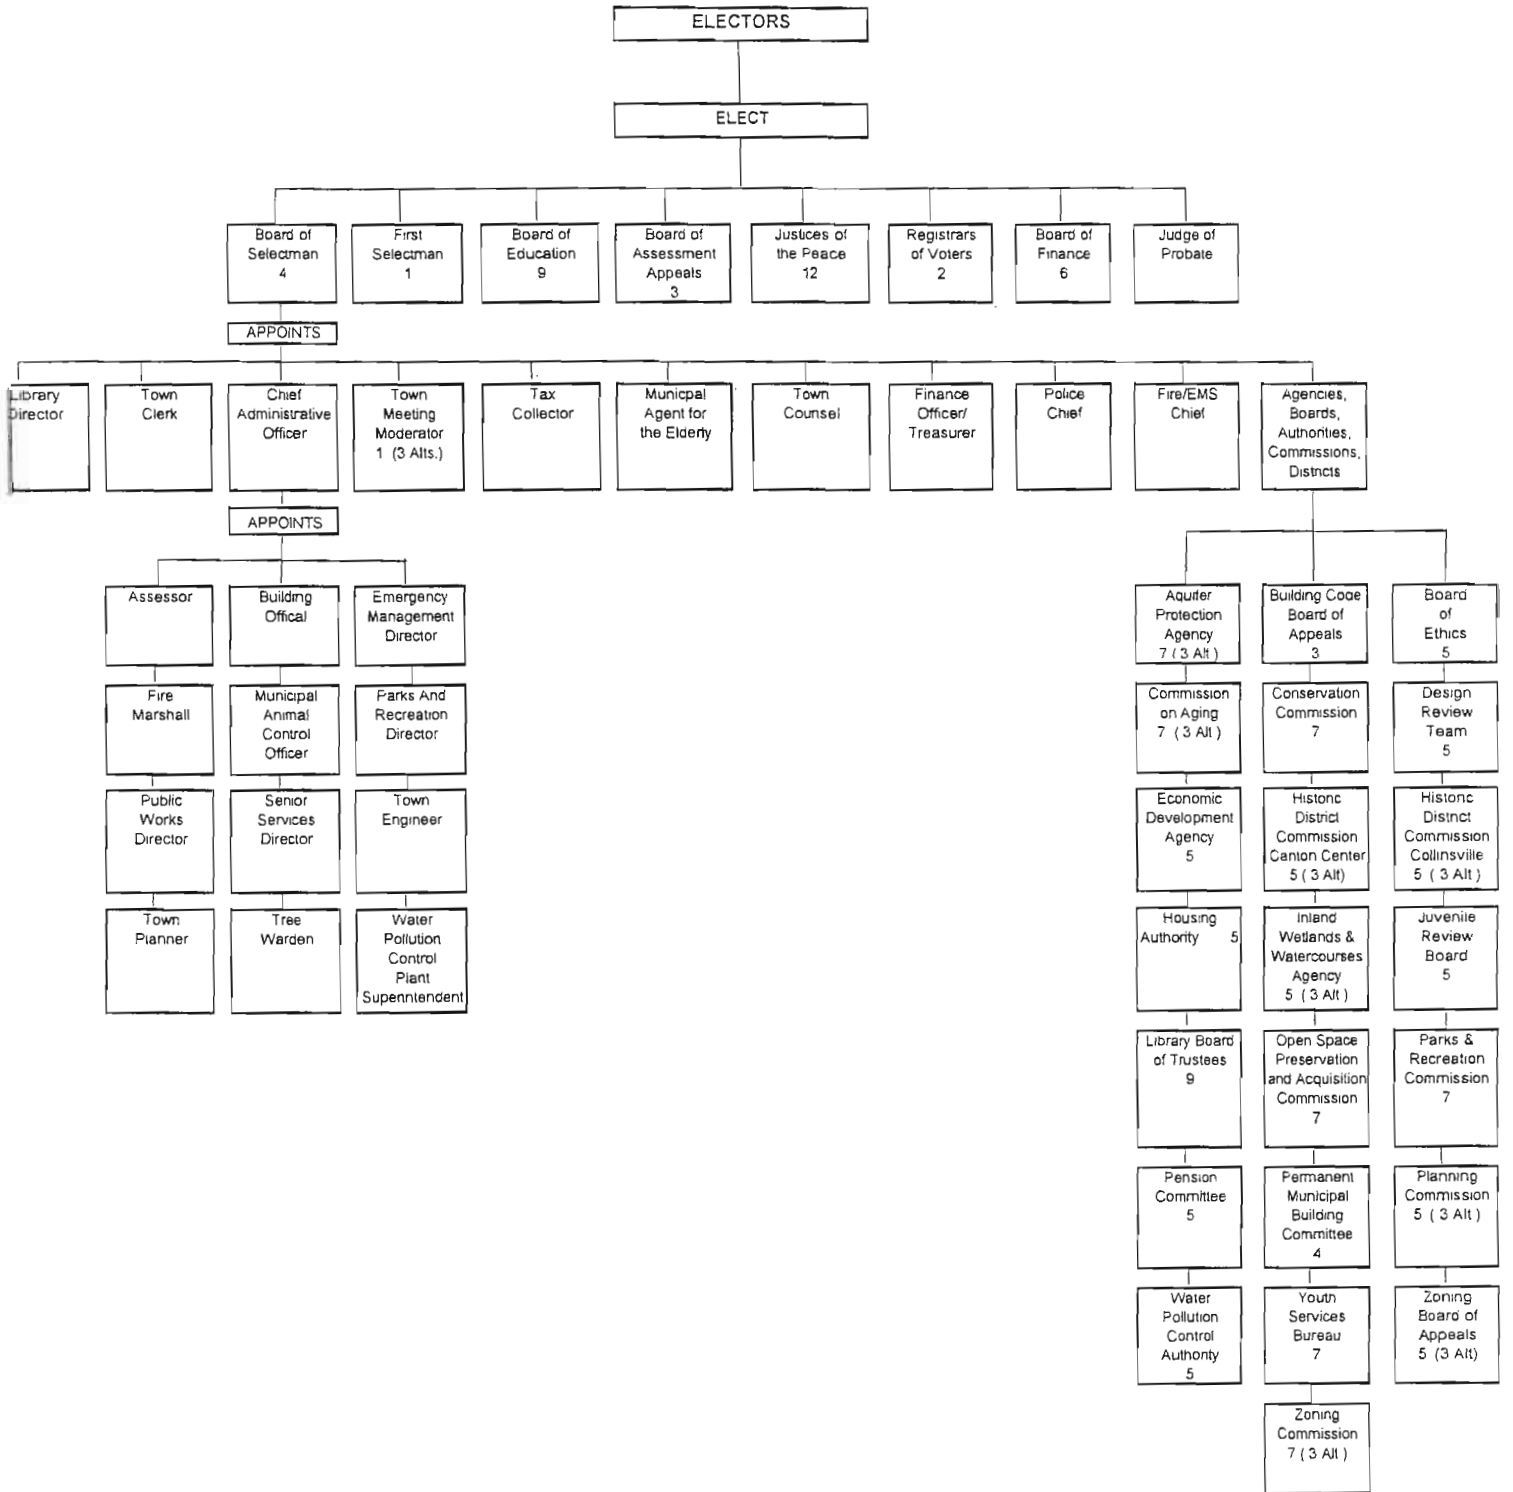

Robert Skinner

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Town of Canton
Connecticut

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

FINANCIAL SECTION

Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

To the Board of Finance of the
Town of Canton, Connecticut

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Canton, Connecticut (the "Town") as of and for the year ended June 30, 2010, which collectively comprise the Town's basic financial statements, as listed in the accompanying table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Canton, Connecticut as of June 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2010 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 13 and the schedules of funding progress on page 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's financial statements as a whole. The introductory section, combining and individual fund statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Management's Discussion and Analysis

TOWN OF CANTON, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the Town of Canton, Connecticut (the "Town") offers the readers of its financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i - iv of this report.

FINANCIAL HIGHLIGHTS

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$73,804,276 (net assets). Of this amount, \$10,579,419 represents unrestricted net assets, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The Town's total net assets increased by \$1,718,863 during the current fiscal year.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$10,008,079, an increase of \$1,410,092 in comparison with the prior year. Of this amount, there was an increase of \$109,065 in the General Fund, a decrease of \$233,448 in the Sewer Assessment Fund, a decrease of \$23,601 in the CDBG Small Cities Fund, an increase of \$1,434,015 in the Capital and Nonrecurring Fund and an increase of \$124,061 in the nonmajor governmental funds.
- At the close of the current fiscal year, unreserved fund balance of the General Fund was \$4,513,459 or 13.1% of total general fund expenditures and transfers out. Expressed another way, unreserved fund balance for the general fund was sufficient to cover 1.6 months of general fund operating expenditures and transfers out.
- The Town's total long-term bonded debt decreased by \$1,735,000 or 12.0% during the current fiscal year due to scheduled principal repayments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

TOWN OF CANTON, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS *(Continued)*

OVERVIEW OF THE FINANCIAL STATEMENTS *(Continued)*

Government-wide Financial Statements *(Continued)*

Both of the government-wide financial statements are intended to distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include activities such as: general government, finance, public safety, public works, human services, planning and development, and education. The Town has no business-type activities.

The government-wide financial statements can be found on pages 14 and 15 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains 24 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Sewer Assessment Fund, the CDBG Small Cities Fund and the Capital and Nonrecurring Fund, all of which are considered to be major funds. Data from the other 20 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 16 - 21 of this report.

Proprietary Funds

The Town maintains one type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses an internal service fund to account for its risk management activities. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 22 - 24 of this report.

**TOWN OF CANTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Fund Financial Statements (Continued)

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the Town government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 25 and 26 of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27 - 56 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also contains required supplementary information other than this management's discussion and analysis that can be found on page 57 of this report. Combining and individual fund statements and schedules can be found on pages 58-83 of this report and statistical information can be found on pages 84-99 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets

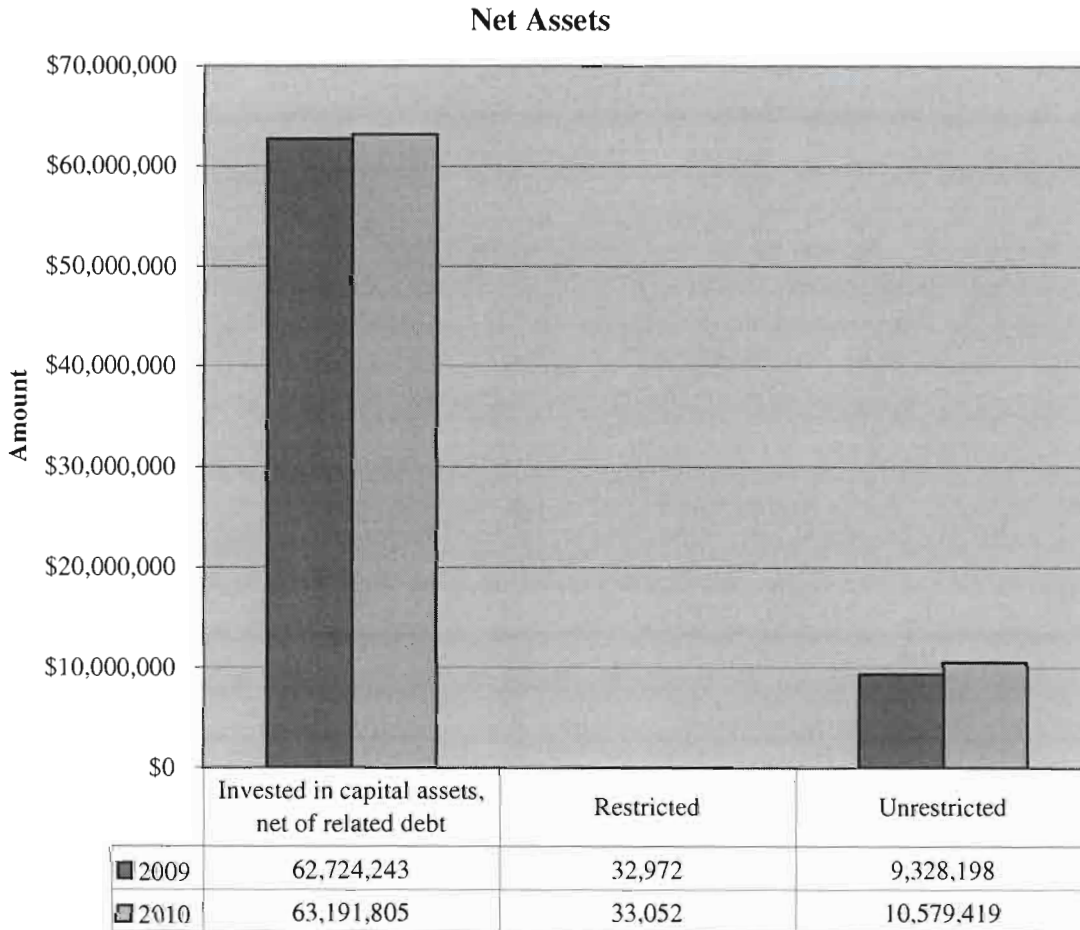

Over time, net assets may serve as one measure of a government's financial position. Total net assets of the Town totaled \$73,804,276 and \$72,085,413 as of June 30, 2010 and 2009, respectively and are summarized as follows:

	Total	
	2010	2009
Current and other assets	\$ 15,931,920	\$ 14,845,838
Capital assets	77,594,005	78,606,720
Total assets	93,525,925	93,452,558
Other liabilities	3,041,212	3,753,220
Long-term liabilities	16,680,437	17,613,925
Total liabilities	19,721,649	21,367,145
Net assets:		
Invested in capital assets, net of related debt	63,191,805	62,724,243
Restricted	33,052	32,972
Unrestricted	10,579,419	9,328,198
Total net assets	\$ 73,804,276	\$ 72,085,413

**TOWN OF CANTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Net Assets (Continued)

As of June 30, 2010, approximately 86% of the Town's net assets reflect its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Approximately .01% of net assets represents resources that are subject to external restrictions on how they may be used.

The remainder of the Town's net assets are considered unrestricted.

Overall, net assets increased by \$1,718,863 in comparison with the prior year.

**TOWN OF CANTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Change in Net Assets

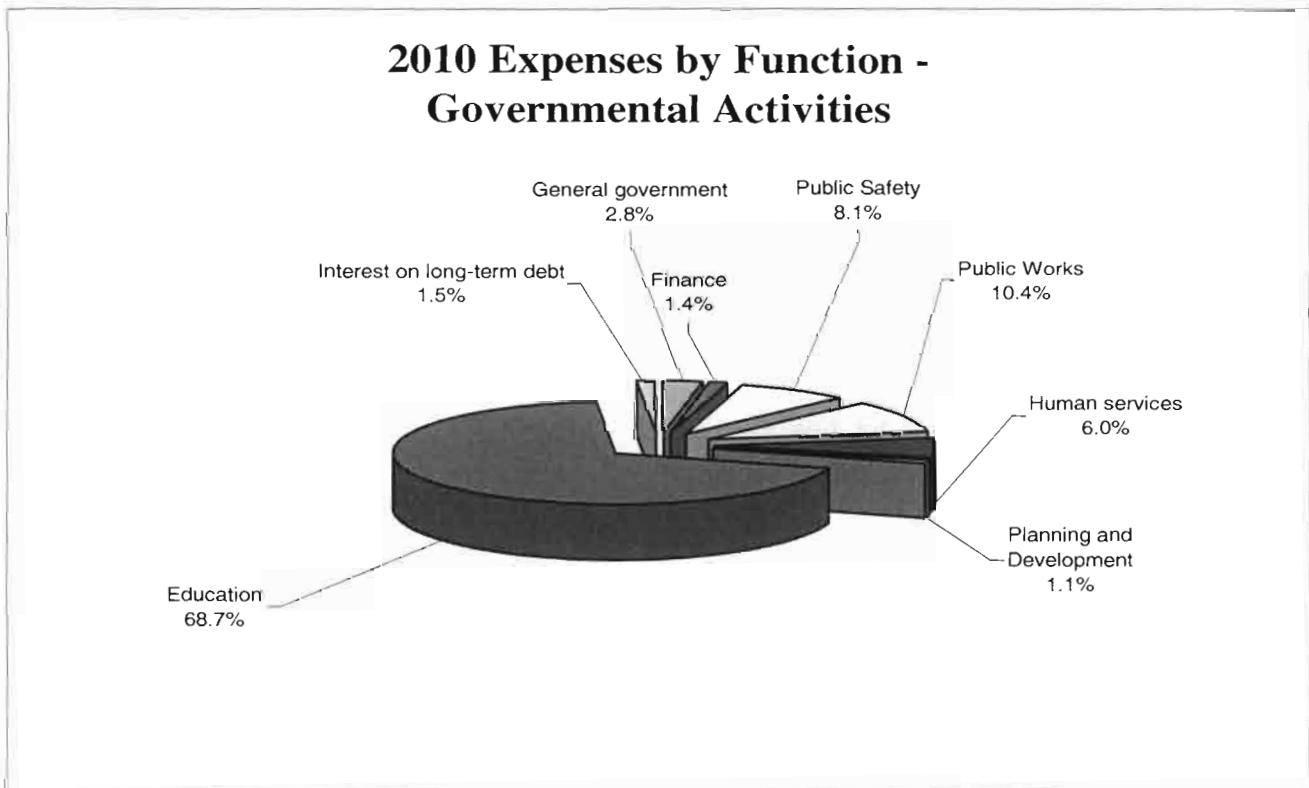

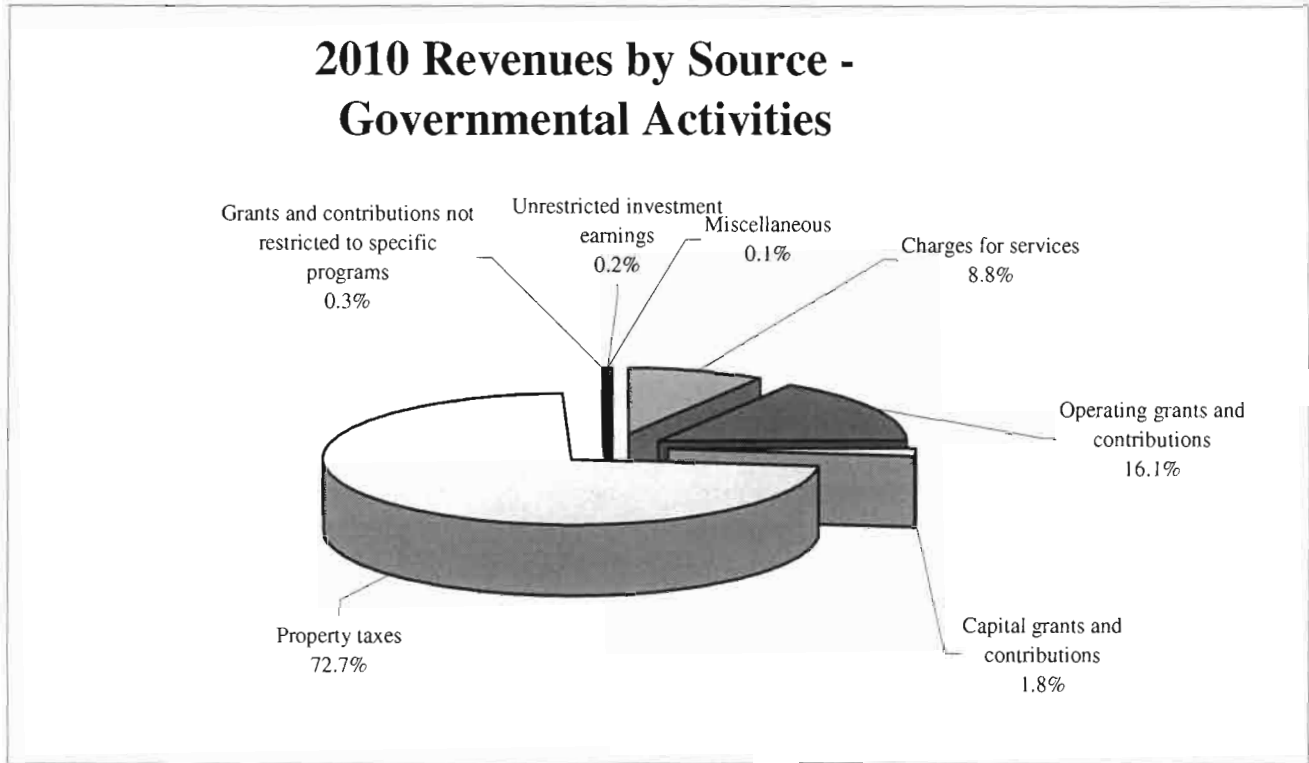

Changes in net assets for the years ended June 30, 2010 and 2009 are as follows:

	Total	
	2010	2009
Revenues		
Program revenues:		
Charges for services	\$ 3,447,911	\$ 3,325,170
Operating grants and contributions	6,323,597	5,868,359
Capital grants and contributions	718,075	5,164,222
General revenues:		
Property taxes, levied for general purposes	28,584,549	28,213,781
Grants and contributions not restricted to specific programs	136,949	128,618
Unrestricted investment earnings	61,622	219,004
Miscellaneous	54,921	126,146
Total revenues	<u>39,327,624</u>	<u>43,045,300</u>
Expenses		
General government	1,049,539	965,557
Finance	530,141	571,582
Public safety	3,017,307	3,020,255
Public works	3,912,772	4,173,433
Human services	2,264,851	2,116,473
Planning and development	425,578	412,130
Education	25,838,498	25,473,213
Interest expense	570,075	607,148
Total expenses	<u>37,608,761</u>	<u>37,339,791</u>
Change in net assets	1,718,863	5,705,509
Net assets, beginning	72,085,413	66,379,904
Net assets, ending	<u>\$ 73,804,276</u>	<u>\$ 72,085,413</u>

GOVERNMENT-WIDE FINANCIAL ANALYSIS (*Continued*)

Change in Net Assets (*Continued*)

Governmental activities increased the Town's net assets by \$1,718,863. Operating grants and contributions and property taxes both increased only slightly and expenditures remained level in comparison with prior year.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances \$10,008,079.

General Fund

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unreserved fund balance of the general fund was \$4,513,459. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 13.1% of total general fund expenditures and transfers out. Expressed another way, unreserved fund balance for the general fund was sufficient to cover 1.6 months of general fund operating expenditures and net other financing uses.

The fund balance of the Town's general fund increased by \$109,065 during the current fiscal year, which was primarily due to savings in the following budgeted expenditures: Public Works of \$298,845 relating to the Transfer Station (\$171,867) and the change from a Town Engineer to a Project Administrator (\$53,189), offset by increases in General Government of \$162,690.

Sewer Assessment Fund

The fund balance of the Sewer Assessment Fund decreased by \$233,448 during the current fiscal year. This decrease was primarily due to only minimal connection charges being received along with interest income, offset by debt service expenditures and a transfer out to WPCA Capital Projects.

CDBG Small Cities Fund

The fund balance of the CDBG Small Cities Fund decreased by \$23,601 during the current fiscal year. This decrease was primarily due to expenditures relating to the 21 Dowd Ave Rehab Project.

Capital and Nonrecurring Fund

The fund balance of the Capital and Nonrecurring Fund increased by \$1,434,015. This increase was primarily due to proceeds received from the issuance of a note payable used to fund the Dowd Avenue Sewer Reconstruction Project.

**TOWN OF CANTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

GENERAL FUND BUDGETARY HIGHLIGHTS

The actual net change in fund balance of the General Fund on a budgetary basis was a decrease of \$390,887. Expenditures were \$679,583 less than budgeted and total budgetary revenues were \$270,534 less than expected due to 14% of Equalized Cost Sharing funds going directly to the Board of Education. During the year ended June 30, 2010, the Board of Finance and Town Meeting approved additional appropriations of \$140,427 from fund balance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Town's investment in capital assets for its governmental activities as of June 30, 2010 and 2009 totaled \$77,594,005 and \$78,606,720, respectively (net of accumulated depreciation and amortization). This investment in capital assets includes land, construction in progress, development rights, buildings, improvements other than buildings, equipment, vehicles, furniture and fixtures and infrastructure. The total decrease in the Town's investment in capital assets for the current fiscal year was \$1,012,715 or 1.3%. This decrease is attributed to depreciation expense of \$1,851,233 offset by capital asset additions and disposals. Major capital asset events during the current fiscal year included the following:

- Three Public Works replacement trucks were purchased for \$225,950.
- A Public Works replacement roadside mower was purchased for \$68,999.
- Construction was completed on a Fire Pumper replacement for \$99,172.
- Two police cars were replaced for \$38,715.
- Water Pollution Control Facility completed \$87,066 in upgrades to Plant Operations.
- Board of Education purchased \$66,684 in equipment.

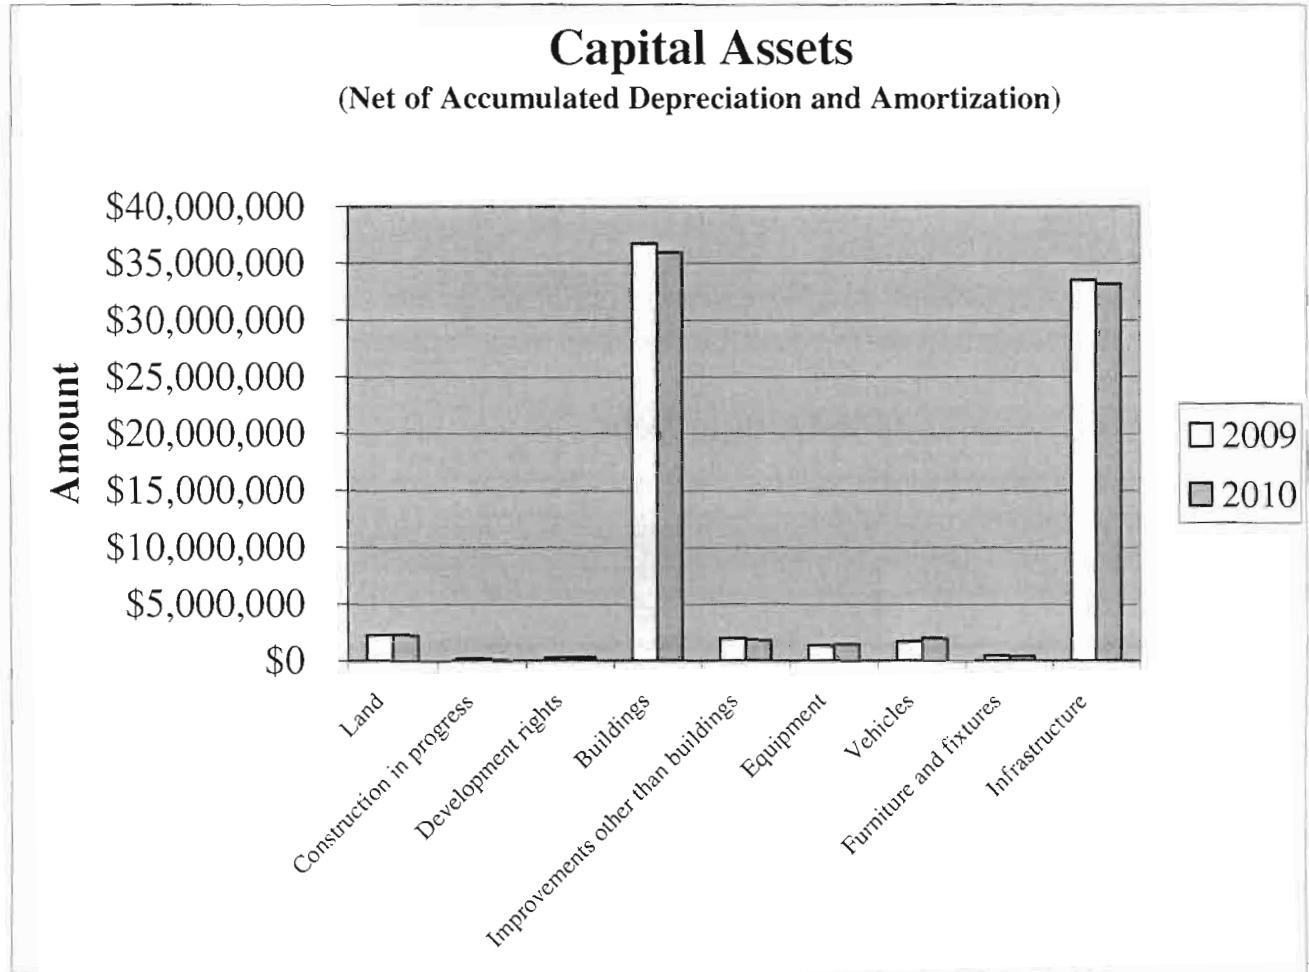

The following table is a two year comparison of the investment in capital assets:

	Governmental Activities	
	2010	2009
Land	\$ 2,256,308	\$ 2,256,308
Construction in progress	132,457	236,991
Development rights	319,407	319,407
Buildings	35,939,859	36,727,965
Improvements other than buildings	1,871,822	1,980,855
Equipment	1,499,704	1,381,549
Vehicles	1,987,861	1,708,520
Furniture and fixtures	408,876	465,059
Infrastructure	33,177,711	33,530,066
Totals	\$ 77,594,005	\$ 78,606,720

CAPITAL ASSET AND DEBT ADMINISTRATION (Continued)

Capital Assets (Continued)

Additional information on the Town's capital assets can be found in Note 4 on pages 38-39 of this report.

Long-term Debt

At the end of the current fiscal year, the Town had total debt outstanding of \$14,390,407. This entire amount is comprised of debt backed by the full faith and credit of the Town. The Town's total debt increased by \$1,295,791 or 8.7% during the current fiscal year due to the closing of a long term clean water loan. This increase was offset by \$1,870,237 or 12.5% during the current fiscal year due to current year principal repayments. The Town's rating was changed to a Aa2 by Moody's Investor Service during recalibration for general obligation debt.

State statutes limit the amount of general obligation debt the Town may issue to seven times its annual receipts from taxation, as defined by the statutes. The current debt limitation for the Town is \$198,782,101, which is significantly in excess of the Town's outstanding general obligation debt.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

CAPITAL ASSET AND DEBT ADMINISTRATION (Continued)

Long-term Debt (Continued)

The following table is a two year comparison of long-term debt:

	Governmental Activities	
	2010	2009
General obligation bonds	\$12,665,000	\$14,400,000
Clean water loans	1,692,123	523,248
Farmington WPCA loan	33,284	41,605
Totals	<u>\$14,390,407</u>	<u>\$14,964,853</u>

Additional information on the Town's long-term debt can be found in Note 8 on pages 41 - 43 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

A summary of key economic factors affecting the Town are as follows:

- The unemployment rate for the Town is currently 7.5%. This compares favorably to the state's average unemployment rate of 8.8% and the national unemployment rate of 9.5%.
- Significant estimates affecting next year's budget that are subject to change in the near term consist of the following:
 - For purposes of calculating property tax revenues for fiscal year 2011, the assessor's grand list was used along with an estimated tax rate, and an estimated rate of collection, with deductions for taxes to be paid by the State on behalf of certain taxpayers.

TOWN OF CANTON, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS *(Continued)*

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES *(Continued)*

- Intergovernmental grants were based on estimates from the State.
- It is unknown how the weakened economy will impact real estate activity and related revenues collected by the Land Use Department, the Town Clerk, the Building Department and the amount of conveyance taxes and interest income.
- A steady, gradual growth in school enrollments has created new demands for personnel, services and expanded facilities. While this demand has been partially addressed through the renovation and expansion of Canton Intermediate School and Canton Middle/High School, additional playing fields, gymnasium and parking needs remain in the upper grade levels. Preliminary demographic analysis has revealed the potential for additional classroom space at the primary (grades K-3 level). Officials are acutely aware that state education funding is unlikely to grow, creating additional pressure on other sources of revenue and on efforts to control operating costs.
- The employer contribution to the Town's defined benefit retirement plan will increase due to the lower rates of return in several of the past few years and migration of new hires to the defined contribution retirement plan. The long-term benefit is a ceiling on the employer contribution in the defined contribution plan as compared to the actuarially-determined employer contribution for the defined benefit plan.
- The costs of claims for services on the self-funded health insurance plan for employees and their enrolled dependents has remained flat from the prior year. Town officials have negotiated increased employee cost-sharing levels and added cost-containment measures such as higher deductibles and co-payments in an effort to control the growth of costs.
- The decline in revenues is forcing the Town to reduce expenditures and seek regional service sharing arrangements in order to provide services in a more efficient manner.

All of these factors were considered in preparing the Town's budget for fiscal year 2011.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Finance Officer, Amy C. O'Toole, Town of Canton, P.O. Box 168, 4 Market Street,, Collinsville, Connecticut 06022-0168.

**TOWN OF CANTON, CONNECTICUT
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
JUNE 30, 2010**

Total fund balances for governmental funds		\$ 10,008,079
Total net assets reported for governmental activities in the statement of net assets is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. Those assets consist of:		
Land	\$ 2,256,308	
Construction in progress	132,457	
Development rights	319,407	
Buildings	45,467,414	
Improvements other than buildings	3,096,418	
Equipment	2,699,358	
Vehicles	3,512,948	
Furniture and fixtures	848,722	
Infrastructure	39,158,071	
Less accumulated depreciation and amortization	<u>(19,897,098)</u>	
Total capital assets, net		77,594,005
Accrued interest on property taxes and sewer assessments, net of the allowance for uncollectibles are not susceptible to accrual and therefore are not reported in the funds.		
		176,628
The net other post employment benefits asset resulting from contributions in excess of the annual required contributions are not financial resources and therefore are not reported in the funds.		
		25,974
Bond issuance costs are recorded as expenditures in the governmental funds. However, these costs are deferred and amortized over the life of the related debt in the statement of net assets.		
		48,793
School construction grants receivable from the State of Connecticut are not susceptible to accrual and are therefore not reported in the funds.		
		529,707
Some of the Town's taxes, sewer usage fees and sewer assessments will be collected after year end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred revenue in the funds.		
		1,075,290
Long-term liabilities applicable to the Town's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net assets.		
Accrued interest payable	(98,165)	
Long-term debt:		
Bonds and notes payable	(14,390,407)	
Unamortized premium	(11,793)	
Net pension obligation	(560,199)	
Other long-term liabilities:		
Compensated absences	<u>(1,718,038)</u>	
Total long-term liabilities		(16,778,602)
An internal service fund is used by the Town to charge the cost of risk management activities to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net assets.		
		<u>1,124,402</u>
Net assets of governmental activities		<u>\$ 73,804,276</u>

The accompanying notes are an integral part of these financial statements.

**TOWN OF CANTON, CONNECTICUT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2010**

Net change in fund balances - total governmental funds \$ 1,410,092

Total change in net assets reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The amount by which depreciation and amortization expense exceeded capital outlays in the current period is as follows:

Expenditures for capital assets	\$ 835,908	
Depreciation and amortization expense	(1,851,233)	
Loss on disposal of capital assets	<u>(9,890)</u>	
Net adjustment		(1,025,215)

Donated capital assets are accounted for at their fair value at date of donation in the statement of activities as revenue. 12,500

Interest on property taxes, sewer assessment and sewer usage receivables are not susceptible to accrual and therefore are only reported as revenue in the funds when the cash is received by the Town. The change in interest receivable during the year reduced revenues recognized in the funds. 100,004

Intergovernmental revenue on school construction grants is not susceptible to accrual and therefore is only reported as revenue in the funds when the cash is received by the Town. In the government-wide financial statements, the cash received reduces the grant receivable recognized in the government-wide statement of net assets. (188,211)

The net OPEB asset is not susceptible to accrual and therefore is not reported in the funds. This amount represents the change in the net OPEB asset. 25,974

The accompanying notes are an integral part of these financial statements .

TOWN OF CANTON, CONNECTICUT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES (Continued)
FOR THE YEAR ENDED JUNE 30, 2010

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal on long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. The net effect of these differences in the treatment of long-term obligations is as follows:

Debt issued or incurred:		
Note payable	\$	(1,295,791)
Principal repayments:		
Bonds and notes payable		1,870,237
Amortization of bond issuance costs		(24,398)
Amortization of bond premiums		5,898
Net adjustment	\$	555,946

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The net effect of such items is as follows:

Compensated absences	272,602
Accrued interest	13,627
Net pension obligation	13,542
Net OPEB obligation	67,000
	366,771

Certain revenues reported in the statement of activities do not provide current financial resources and therefor are reported as deferred revenues in governmental funds. This amount represents the change in deferred revenue. 88,412

An internal service fund is used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the Town's internal service fund is reported with governmental activities. 372,590

Change in net assets of governmental activities \$ 1,718,863

The accompanying notes are an integral part of these financial statements .

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Canton, Connecticut (the "Town") conform to accounting principles generally accepted in the United States of America, as applicable to governmental organizations. The following is a summary of significant accounting policies:

FINANCIAL REPORTING ENTITY

The Town of Canton, Connecticut operates under a charter enacted in 1984, which was revised effective January 1, 2000. The Town operates under a Board of Selectmen/Town Meeting and Board of Finance form of government and provides the following services: public safety, public works, parks and recreation, education, health and human services, and planning and development.

The Town is the administrator of the following two single-employer defined benefit pension plans: Employee Retirement Plan and Volunteer Firefighters and Ambulance Plan (the "Plans"). The Plans do not issue stand-alone financial statements and are part of the Town's financial reporting entity. As such, balances of the Plans as of and for the year ended June 30, 2010 are accounted for in the fiduciary fund financial statements as pension trust funds. The Plans are discussed more fully in Note 10.

The Town is the administrator of the Other Post Employment Benefits Program (the "OPEB Plan"), which is a single-employer defined benefit other post employment benefits plan. The OPEB Plan does not issue stand-alone financial statements and is a part of the Town's financial reporting entity. As such, balances of the OPEB Plan as of and for the year ended June 30, 2010 are accounted for in the fiduciary fund financial statements as an other post employment benefits trust fund. The OPEB Plan is discussed more fully in Note 11.

Accounting principles generally accepted in the United States of America require that the reporting entity include the primary government and its component units, entities for which the government is considered to be financially accountable, all organizations for which the primary government is financially accountable, and other organizations which by nature and significance of their relationship with the primary government would cause the financial statements to be incomplete or misleading if excluded. Blended component units, although legally separate entities, are in substance, part of the government's operations and therefore, data from these units are combined with data of the primary government. Based on these criteria, there are no component units requiring inclusion in these financial statements.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the Town and include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. The statements are intended to distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The Town has no business-type activities.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

Government-wide Financial Statements (Continued)

The statement of net assets presents the Town's non-fiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt - This category consists of capital assets, net of accumulated depreciation and amortization and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of capital assets.

Restricted net assets - This category consists of net assets whose use is restricted either through external restrictions imposed by creditors, grantors, contributors, and the like, or through restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets - This category consists of net assets which do not meet the definition of the two preceding categories.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Fund Financial Statements

The fund financial statements provide information about the Town's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary and fiduciary - are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The Town reports the following major governmental funds:

General Fund - This fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Sewer Assessment Fund - This fund is used to account for the financing of sanitary sewer improvements that benefit certain properties.

CDBG Small Cities Fund - This fund was created pursuant to federal requirements to account for the expenditures of federal housing funds for rehabilitation loans to property owners. Loan repayments are also deposited in this fund.

Capital and Nonrecurring Fund - This fund accounts for financial revenues used for the financing of the planning, construction, reconstruction or acquisition of any specific capital improvement or the acquisition of specific equipment.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

Fund Financial Statements (Continued)

In addition, the Town reports the following proprietary and fiduciary fund types:

Internal Service Fund (proprietary) - This fund accounts for activities that provide goods or services to other funds, departments, or agencies of the Town on a cost-reimbursement basis. The Town utilizes an internal service fund to account for risk financing activities for employee medical insurance benefits, as permitted by GASB Statement No. 10.

Pension and Other Post Employment Benefits Trust Funds - This fund type is used to account for resources held in trust for the members and beneficiaries of the Employee Retirement Plan and the Volunteer Firefighters and Ambulance Plan, both of which are defined benefit pension plans and the Other Post Employment Benefits Program, which is a defined benefit plan. These plans are discussed more fully in Notes 10 and 11.

Private Purpose Trust Funds - This fund type is used to account for trust arrangements under which principal and income benefit individuals, private organizations, or other governments. There is no requirement that any portion of the resources be preserved as capital. The Town utilizes private purpose trust funds to account for activities of the Julia Wheelock Private Purpose Trust Fund and the School Scholarships Private Purpose Trust Fund.

Agency Funds - These funds are used to account for resources held by the Town in a purely custodial capacity. The Town utilizes these funds to account for assets of the student activities funds and the performance bonds fund. The student activities funds account for monies generated by student activities in the Town's school system. The performance bonds fund accounts for monies received to ensure that driveways and lawns are installed to correct specifications for new home construction.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-wide, Proprietary and Fiduciary Fund Financial Statements

The government-wide, proprietary, and fiduciary fund financial statements (except for Agency Funds) are prepared using the economic resources measurement focus and the accrual basis of accounting. Agency Funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's internal service fund consists of charges for services. Operating expenses of the Town's internal service fund consist of claims incurred and administrative expenses. Revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (*Continued*)

Governmental Fund Financial Statements

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are susceptible to accrual, that is, when they are both measurable and available. Revenues are considered to be available if they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current period. Property taxes and grants and contracts associated with the current period are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when the cash is received by the Town. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

ASSETS, LIABILITIES AND FUND EQUITY

Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments with original maturities of three months or less when purchased. Cash equivalents as of June 30, 2010 consist of pooled fixed income accounts which totaled \$11,509,345. The Town's pooled fixed income accounts were invested in 2a-7 like pools registered with the Securities and Exchange Commission. The fair value of the Town's position in the pools is the same as the value of the pool shares.

Investments

In accordance with Governmental Accounting Standards Board Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the Town presents all investments at fair value.

Inventories and Prepaid Items

Inventories are reported at cost using the first-in first-out (FIFO) method, except for USDA donated commodities, which are recorded at market value. Inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and the fund financial statements.

Restricted Assets

The Amelia Dyer and Cemetery Funds are restricted to expenditure of the investment income only for donor-designated purpose. Any appreciation of the funds is also restricted.

The Town allocates investment income in accordance with donor restrictions and Connecticut law, which adopted the provisions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA requires the investment of endowments in good faith and with the care that an ordinarily prudent person in a like position would exercise under similar circumstances. It requires prudence in incurring investment costs, authorizing only costs that are appropriate and reasonable. Factors to be considered in investing are expanded to include, for example, the effects of inflation. UPMIFA emphasizes that investment decisions be made in relation to the overall resources of the Town.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ASSETS, LIABILITIES AND FUND EQUITY (Continued)

Property Taxes, Sewer Assessment and Usage Charges

Property taxes are assessed as of October 1. Taxes are billed in the following July and are due in two installments, July 1 and January 1. Personal property and motor vehicle taxes are billed in July and are due in one installment, July 1. Taxes not paid within 30 days of the due date are subject to an interest charge of 1.5% per month. Liens are effective on the assessment date and are continued by filing before the end of the year following the due date.

Upon completion of projects, sewer assessments are levied and assessed to the users. Usage charges are billed either annually or semi-annually depending upon the bill amount. Assessments and user charges are due and payable within thirty days and delinquent amounts are subject to interest at prevailing rates. Liens are filed on all properties until the assessment is paid in full.

Capital Assets

Capital assets, which include property, equipment, and infrastructure assets placed in service after June 30, 1980 (e.g. roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$100,000 for infrastructure assets and more than \$5,000 for all other assets. Such assets are recorded at historical cost, or estimated historical cost, if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Intangible assets are recorded at historical cost and are only amortized to the extent that there are finite lives associated with the assets.

The costs of normal maintenance and repairs that do not add to the value of a capital asset or materially extend capital asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the Town are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	25 - 50
Improvements other than buildings	15 - 30
Equipment	5 - 23
Vehicles	4 - 30
Furniture and fixtures	15
Infrastructure	25 - 75

Unearned/Deferred Revenue

In the government-wide and fund financial statements, this liability represents resources that have been received but not yet earned. In the fund financial statements, this liability also represents revenues considered measurable but not available during the current period.

Compensated Absences

Town and noncertified Board of Education employees are granted vacation and sick leave, and certified employees of the Board of Education are granted sick leave based upon length of employment. In the event of termination, employees are compensated for accumulated vacation and sick time.

All compensated absences are accrued when incurred in the government-wide financial statements. Expenditures for compensated absences are recognized in the governmental fund financial statements in the current year to the extent they are paid during the year, or when the vested amount is expected to be paid with available resources.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

ASSETS, LIABILITIES AND FUND EQUITY (*Continued*)

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. Unreserved fund balance serves as a measure of current available financial resources.

INTERFUND ACTIVITIES

Interfund activities are reported as follows:

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e. the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds".

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reservation in the applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Interfund Services Provided and Used

Sales and purchases of goods and services between funds for a price approximating their external exchange value are reported as revenues and expenditures, or expenses, in the applicable funds.

Interfund Transfers

Interfund transfers represent flows of assets without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and other financing sources in the funds receiving transfers.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

INTERFUND ACTIVITIES (*Continued*)

Interfund Reimbursements

Interfund reimbursements represent repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Town adheres to the following procedures in establishing the budgetary data included in the General Fund financial statements.

- In May, the Board of Finance submits proposed operating budgets for the fiscal year commencing July 1 to a Town Meeting, at which taxpayer comments are obtained. The operating budgets include proposed expenditures and the means of financing them.
- Prior to July 1, the budgets are legally enacted through passage of a resolution.
- Expenditures are budgeted by function, department and object. The legal level of budgetary control, the level at which expenditures may not exceed appropriations, is established at the department level.
- The Chief Administrative Officer is authorized to approve transfers of unexpended balances not to exceed \$1,000 in the aggregate in one fiscal year within and between departments. The Board of Selectmen is authorized to approve transfers of unexpended balances in excess of \$1,000 within and between departments.
- The Board of Finance is authorized to make additional appropriations of up to \$25,000 in the aggregate and, with approval of five members, may authorize additional appropriations in excess of \$25,000, but not to exceed \$50,000, in the aggregate from fund balance or as a transfer from the contingency fund. If five members do not agree, a majority of those present and voting may recommend the appropriation for Town Meeting approval. Additional appropriations in excess of \$50,000 require approval at a Town Meeting. During the year ended June 30, 2010, the Board of Finance and Town Meeting approved additional appropriations of \$140,427 from fund balance.
- Formal budgetary integration is employed as a management control device during the year.
- The Board of Education, which is not a separate legal entity but a function of the Town, is authorized under state law to make any transfers within their budget at their discretion. Any additional appropriations must have Board of Education, Board of Finance and, if necessary, Town Meeting approval.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

BUDGETARY INFORMATION (Continued)

- The budget is prepared on the modified accrual basis of accounting. "On behalf" payments made by the State of Connecticut into the State Teacher's Retirement System (*see Note 10*) are not recorded for budgetary purposes.
- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued and, accordingly, encumbrances outstanding at year-end are reported in budgetary reports as expenditures of the current year.
- Generally, all unexpended appropriations lapse at year-end, except those for the Capital Projects Funds. Appropriations for capital projects are continued until completion of applicable projects, even when projects extend more than one fiscal year.

As described above, accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP basis"). A reconciliation of General Fund amounts presented on the budgetary basis to amounts presented on the GAAP basis is as follows for the year ended June 30, 2010:

	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>	<u>Fund Balance</u>
Budgetary basis	\$ 32,689,729	\$ 33,080,616	\$ 4,547,085
Prior year encumbrances liquidated during the current year	-	19,920	-
Current year encumbrances	-	(519,872)	519,872
Reimbursement for certain special education costs recorded as a reduction to expenditures for budgetary purposes	432,183	432,183	-
"On-behalf" payments - State Teachers Retirement Fund (<i>see Note 10</i>)	1,548,596	1,548,596	-
GAAP basis	<u>\$ 34,670,508</u>	<u>\$ 34,561,443</u>	<u>\$ 5,066,957</u>

DONOR RESTRICTED ENDOWMENTS

The Town has received endowments for the maintenance of cemeteries. These amounts are reflected in net assets as restricted for endowments. Investment income is approved for expenditures by the individual Board responsible for each fund. The Town has also received an endowment for maintenance of open space located at Griswold Farms. The investment income from this endowment will be used by the Town to perform general maintenance.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 3 - CASH DEPOSITS AND INVESTMENTS

A reconciliation of the Town's cash and cash equivalents as of June 30, 2010 is as follows:

Government-wide statement of net assets:	
Cash and cash equivalents	\$ 13,553,974
Less: cash equivalents considered investments under GASB Statement No. 40	<u>11,337,010</u>
	<u>2,216,964</u>
Statement of fiduciary net assets:	
Cash and cash equivalents	668,649
Less: cash equivalents considered investments under GASB Statement No. 40	<u>413,795</u>
	<u>254,854</u>
	<u>\$ 2,471,818</u>

CASH DEPOSITS – CUSTODIAL CREDIT RISK

Custodial credit risk is the risk that, in the event of a bank failure, the Town will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Town does not have a deposit policy for custodial credit risk. As of June 30, 2010, \$2,286,274 of the Town's bank balance of \$2,828,173 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 2,021,339
Uninsured and collateralized with securities held by the pledging bank's trust department or agent but not in the Town's name	<u>264,935</u>
	<u>\$ 2,286,274</u>

All of the Town's deposits were in qualified public institutions as defined by Connecticut General Statutes. Under Connecticut General Statutes, any bank holding public deposits must at all times maintain, segregated from its other assets, eligible collateral in an amount equal to a certain percentage of its public deposits. The applicable percentage is determined based on the bank's risk-based capital ratio. The amount of public deposits is determined based on either the public deposits reported on the most recent quarterly call report, or the average of the public deposits reported on the four most recent quarterly call reports, whichever is greater. The collateral is kept in the custody of the trust department of either the pledging bank or another bank in the name of the pledging bank.

INVESTMENTS

A reconciliation of the Town's investments as of June 30, 2010 is as follows:

Government-wide statement of net assets:	
Investments	\$ -
Add: cash equivalents considered investments under GASB Statement No. 40	<u>11,337,010</u>
	<u>11,337,010</u>
Statement of fiduciary net assets:	
Investments	11,311,520
Add: cash equivalents considered investments under GASB Statement No. 40	<u>413,795</u>
	<u>11,725,315</u>
	<u>\$ 23,062,325</u>

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS (Continued)

As of June 30, 2010, the Town's investments consisted of the following:

<u>Investment type</u>	<u>Credit Rating</u>	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>			
			<u>Less Than 1</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>More Than 10</u>
Debt Securities:						
Pooled fixed income accounts	AAA	\$ 11,509,345	\$ 11,509,345	\$ -	\$ -	\$ -
Guaranteed interest contract	n/a	489,437	489,437	-	-	-
Bond mutual funds	AAA	1,973,349	-	-	-	1,973,349
Bond mutual funds	AA	996,035	-	-	996,035	-
Bond mutual funds	A	998,446	-	-	998,446	-
Money market mutual funds	Unrated	241,460	241,460	-	-	-
Certificates of deposit	Unrated	13,476	-	13,476	-	-
		<u>16,221,548</u>	<u>\$ 12,240,242</u>	<u>\$ 13,476</u>	<u>\$ 1,994,481</u>	<u>\$ 1,973,349</u>
Other investments:						
Equity mutual funds		<u>6,840,777</u>				
Total		<u>\$ 23,062,325</u>				

Because the pooled fixed income accounts and money market mutual funds had weighted average maturities of less than 90 days, they were presented as investments with maturities of less than one year.

Interest Rate Risk

The Town does not have a formal investment policy that limits Town investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The Town has no investment policy that would further limit its investment choices beyond those limited by Connecticut state statutes. Connecticut state statutes permit the Town to invest in obligations of the United States, including its instrumentalities and agencies; in obligations of any state or of any political subdivision, authority or agency thereof, provided such obligations are rated within one of the top two rating categories of any recognized rating service; or in obligations of the State of Connecticut or of any political subdivision thereof, provided such obligations are rated within one of the top three rating categories of any recognized rating service. The Pension Trust Funds may also invest in certain real estate mortgages, in certain savings banks or savings and loan associations, or in stocks or bonds or other securities selected by the trustee, with the care of a prudent investor.

The Town's investments in pooled fixed income accounts and bond mutual funds were rated by Standard & Poor's as presented above.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS (Continued)

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of a counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town's investments are not exposed to custodial credit risk at June 30, 2010, as they are held by a trustee in the Town's name.

Concentrations of Credit Risk

The Town places no limit on the amount of investment in any one issuer. More than 5 percent of the Town's investments are in pooled fixed income accounts and bond mutual funds. Investments in these types of accounts are considered to be diversified by nature.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2010 consisted of the following:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental Activities

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 4 - CAPITAL ASSETS (Continued)

Depreciation and amortization expense was charged to functions of the Town as follows:

Governmental Activities:

General government	\$ 49,829
Finance	6,047
Public safety	237,980
Public works	716,492
Human services	222,362
Education	618,523
Total depreciation and amortization expense - governmental activities	<u><u>\$ 1,851,233</u></u>

NOTE 5 - INTERFUND RECEIVABLES AND PAYABLES

Interfund receivable and payable balances at June 30, 2010 are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Governmental Funds		
General Fund	Capital and Nonrecurring Fund	\$ 67,408
	CDBG - Small Cities Fund	12,021
	Other Governmental Funds	2,840
		<u>82,269</u>
Sewer Assessment Fund	General Fund	<u>7,935</u>
Capital and Nonrecurring Fund	General Fund	<u>234,082</u>
Other Governmental Funds	General Fund	113,914
	Sewer Assessment Fund	53,500
	Other Governmental Funds	5,755
		<u>173,169</u>
		<u><u>\$ 497,455</u></u>
Proprietary Fund		
Internal Service Fund	General Fund	<u><u>\$ 51,731</u></u>

The above balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 6 - INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2010 consisted of the following:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
Governmental Funds		
Capital and Nonrecurring Fund	General Fund	\$ 809,186
	Sewer Assessment Fund	77,700
		<u>886,886</u>
Other Governmental Funds	General Fund	118,923
	Sewer Assessment Fund	77,959
		<u>196,882</u>
Total transfers		<u>\$ 1,083,768</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 7 - SHORT-TERM DEBT

During 2008, the State of Connecticut approved a project loan to the Town under the Clean Water Program to finance the Dowd Avenue sewer replacement project and the Town had received certain advances under this loan, which were considered short term until the project was completed and a closing on the long term loan took place. The project was completed and the closing took place during the year ended June 30, 2010 and as such, this loan has been reported as a long term liability in the accompanying Statement of Net Assets as of June 30, 2010.

The following is a summary of changes in short-term debt for the year ended June 30, 2010:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Reclassification as Long Term Debt</u>	<u>Ending Balance</u>
Governmental Activities				
Clean water loan payable	\$ 899,933	\$ 395,858	\$ (1,295,791)	\$ -

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 8 - LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities for the year ended June 30, 2010:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental Activities					
Bonds payable:					
General obligation bonds	\$ 14,400,000	\$ -	\$ (1,735,000)	\$ 12,665,000	\$ 1,745,000
Unamortized amounts:					
Premium on bonds issued	17,691	-	(5,898)	11,793	-
Other liabilities:					
Clean water loan	523,248	1,295,791	(126,916)	1,692,123	243,546
Farmington WPCA loan	41,605	-	(8,321)	33,284	8,321
Compensated absences	1,990,640	199,672	(472,274)	1,718,038	233,000
Net pension obligation (Note 10)	573,741	-	(13,542)	560,199	-
Net OPEB obligation (Note 11)	67,000	-	(67,000)	-	-
	<u>\$ 17,613,925</u>	<u>\$ 1,495,463</u>	<u>\$ (2,428,951)</u>	<u>\$ 16,680,437</u>	<u>\$ 2,229,867</u>

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are secured by the full faith and credit of the Town but are substantially liquidated by the General Fund via taxes collected from the levy on all taxable properties located within the Town. Sewer loans payable are liquidated by the Sewer Assessment Fund. The remaining liabilities above typically have been liquidated in the general and other governmental funds.

GENERAL OBLIGATION BONDS

A summary of general obligation bonds outstanding at June 30, 2010 is as follows:

<u>Purpose of Bonds</u>	<u>Date of Issue</u>	<u>Original Issue</u>	<u>Interest Rates</u>	<u>Maturity Date</u>	<u>Amount Outstanding</u>
Governmental Activities					
General Obligation Bonds	8/15/1998	\$ 3,720,000	4.0-6.0%	8/15/2013	\$ 975,000
General Obligation Bonds	11/1/2001	1,995,000	2.25-4.0%	11/1/2011	400,000

2016-2020	3,750,000	954,572	4,704,572
2021-2025	2,425,000	226,182	2,651,182
	<u>\$ 12,665,000</u>	<u>\$ 3,010,957</u>	<u>\$ 15,675,957</u>

LOANS PAYABLE

The State of Connecticut made two project loans to the Town under the Clean Water Fund Program. Proceeds from one of the loans financed the Water Treatment Plant Construction project. This obligation will be paid from future taxation, matures in fiscal year 2013 and bears interest at a rate of 2.0%. Proceeds from the second loan financed the Dowd Avenue sewer replacement project. This obligation will be paid from future taxation, matures in fiscal year 2030 and bears interest at a rate of 2.0%.

The Town entered into an agreement with the Town of Farmington for the upgrade and expansion of the Farmington Treatment Plant from 375,000 gallons per day to 800,000 gallons per day. The Town is obligated to pay the Town of Farmington for its share of payments on the State of Connecticut Clean Water Loan made to Farmington to fund this project through fiscal year 2014.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 8 - LONG-TERM LIABILITIES (Continued)

LOANS PAYABLE (Continued)

Annual debt service requirements to maturity on the loans payable are as follows as of June 30, 2010:

Year ending June 30:	State of Connecticut Clean Water Loans		Farmington Water Pollution
	Principal	Interest	Principal
2011	\$ 243,546	\$ 41,860	\$ 8,321
2012	186,889	27,265	8,321
2013	190,665	23,489	8,321

	<u>\$ 1,692,123</u>	<u>\$ 274,975</u>	<u>\$ 33,284</u>

STATUTORY DEBT LIMITATIONS

Connecticut General Statutes Section 7-374(b) provides that authorized debt of the Town shall not exceed seven times base receipts, as defined in the Statute, or \$198,782,101 as of June 30, 2010. Further, the Statute limits the amount of debt that may be authorized by the Town for general purposes, schools, sewers, urban renewal and pension deficit. The Town did not exceed any of the statutory debt limitations at June 30, 2010.

SCHOOL BOND REIMBURSEMENTS

The State of Connecticut reimburses the Town for eligible school bond principal and interest costs. The amount of reimbursement for the year ended June 30, 2010 was \$204,554. Additional reimbursements of principal and interest aggregating \$529,707 and \$20,686, respectively, are expected to be received through the applicable bonds' maturity dates. The Town has recorded a receivable relating to the principal portion of these payments in the accompanying statement of net assets. The long term portion of \$337,616 will be realized by the Town through fiscal year 2013.

AUTHORIZED BUT UNISSUED BONDS PAYABLE

The amount of authorized but unissued bonds is \$8,500,000 for school purposes.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 9 - UNEARNED/DEFERRED REVENUE

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Total</u>
General Fund:			
Delinquent property taxes receivable	\$ 442,446	\$ -	\$ 442,446
Advance collection of property taxes	-	957,173	957,173
	<u>442,446</u>	<u>957,173</u>	<u>1,399,619</u>
Sewer Assessment Fund:

Mortgage notes receivable	576,941	-	576,941
Capital and Nonrecurring Fund:			
Grant drawdowns prior to meeting eligibility	-	266,400	266,400
Nonmajor Governmental Funds:			
Sewer usage fees	55,903	5,000	60,903
Park and recreation fees paid in advance	-	37,659	37,659
Charges for services collected in advance	-	9,562	9,562
Grant drawdowns prior to meeting eligibility	-	152,003	152,003
	<u>55,903</u>	<u>204,224</u>	<u>260,127</u>
Total	<u>\$ 1,075,290</u>	<u>\$ 1,430,812</u>	<u>\$ 2,506,102</u>

NOTE 10 - PENSION PLANS

DEFINED BENEFIT PLANS

The Town is the administrator of the following two single-employer defined benefit pension plans: the Employee Retirement Plan and the Volunteer Firefighters and Ambulance Plan (the "Plans"). Plan provisions are recommended by the Pension Commission and are approved and established, and can be amended, by the Board of Selectmen. The Employee Retirement Plan covers eligible Town employees, non-certified employees of the Board of Education and members of the Visiting Nurses Association employed prior to September 10, 1979. The Volunteer Firefighters and Ambulance Plan covers all firefighter and ambulance volunteers. The Plans do not issue stand-alone financial statements and are part of the Town's financial reporting entity. As such, balances of the Plans as of and for the year ended June 30, 2010 are accounted for in the fiduciary fund financial statements as pension trust funds.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 10 - PENSION PLANS (*Continued*)

DEFINED BENEFIT PLANS (*Continued*)

Plan Descriptions

Employee Retirement Plan

Full-time employees hired prior to January 1, 2003 and who work at least 20 hours per week and five months per year are eligible to participate in the Plan following the completion of one month of service. Board of Education full-time employees who work at least 20 hours per week and more than five months per year and who are not covered by the State Teacher's Retirement Plan are eligible to participate in the Plan on the first day of the month following one year of employment. Employees are 100% vested after five years of continuous service. This Plan was closed to new employees as of January 1, 2003.

Volunteer Firefighters and Ambulance Plan

All volunteer firefighters and ambulance personnel are eligible to participate in the Plan based upon earned points. Points are earned based upon the number of calls, drills, or other training activities per volunteer. After four years of service, benefits are 40% vested and increase 10% for each year up to ten years, at which time benefits are 100% vested. Members are also 100% vested upon normal retirement age, date of disability or date of death. This Plan was closed to new employees as of July 1, 1994.

Plan Membership

Membership of the Plans consisted of the following as of the date of the latest actuarial valuations:

	Employee Retirement Plan	Volunteer Firefighters and Ambulance Plan
Retirees and beneficiaries currently receiving benefits	73	6
Vested terminated employees	24	18
Active employees	44	11
	141	35

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 10 - PENSION PLANS (*Continued*)

DEFINED BENEFIT PLANS (*Continued*)

Summary of Significant Accounting Policies

The Plans are accounted for using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plans.

Investments are recorded at fair value. Securities traded on national exchanges are valued at the last reported sales price. Investment income is recognized when earned and gains and losses on sales or exchanges are recognized on the transaction date.

Administrative costs of both Plans are generally financed through investment earnings.

Contributions

The contribution requirements of plan members and the Town are established and may be amended by the Board of Selectmen. The Town's funding policy provides for periodic employer contributions at rates that, when expressed as a percentage of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The contribution rates for normal costs of the Plans were determined using the entry age normal cost method.

Required employee contribution rates under the Employee Retirement Plan are 6.5% of covered payroll for police employees and 4.0% for Town employees, Board of Education custodians and Board of Education Secretaries. Participants in the Volunteer Firefighters and Ambulance Plan are not required or allowed to make contributions.

Benefit Provisions

Employee Retirement Plan

The normal retirement benefit is calculated at 2.0 percent (2.25% with 60% of pay cap for Police) of the participant's average annual compensation for the highest three of the last ten calendar years, multiplied by years of credited service.

Normal retirement age is the later of age 62 or 5 years of services. Normal retirement age for Police is the earliest of age 55 and 10 years of service, age 65 and 5 years of service, or when age plus service equal 70 or more. Members can retire as early as 10 years prior to the normal retirement age (police can retire as early as age 45 and 10 years of service).

Volunteer Firefighters and Ambulance Plan

The normal retirement benefit is calculated as \$10 per month for each year of service (up to a maximum of 35 years). Service prior to July 1, 1990 is credited as 1 ½ years for each year of service (up to a maximum of 15 years). Service after July 1, 1990 is credited as one year of service for each year.

Normal retirement age is age 65 and four years of service.

Concentrations

Investments in equity and bond mutual funds exceeded 5% or more of Plan net assets in both plans.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 10 - PENSION PLANS (Continued)

DEFINED CONTRIBUTION PLANS

Plan Descriptions

Town of Canton Volunteer Firefighters and Ambulance Personnel Pension Plan

The Town is the administrator of the Volunteer Firefighters and Ambulance Personnel Pension Plan, a defined contribution pension plan. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. The Plan covers Volunteer Firefighters and Volunteer Ambulance personnel with service beginning after July 1, 1994. The Plan does not issue stand-alone financial statements and is part of the Town's financial reporting entity. As such, balances of the Plan as of and for the year ended June 30, 2010 are accounted for in the fiduciary fund financial statements as pension trust funds.

Town of Canton Defined Contribution Retirement Plan

The Town sponsors a defined contribution plan for Town employees. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. The Plan covers all eligible Town employees. The Pension Committee makes recommendations for Plan provisions, which are approved by the Board of Selectmen. The Town submits all contributions directly to a third-party administrator who holds the assets in trust; therefore, this plan is not included in the Town's financial statements. The plan does not issue stand alone financial statements.

Plan Provisions

Town of Canton Volunteer Firefighters and Ambulance Personnel Pension Plan

A volunteer shall become a participant in the Plan on the first eligibility date immediately following the plan year in which he earns at least 50 points. Points are earned by performing certain duties during the Plan year. A volunteer's status as a participant shall continue for each plan year thereafter until he incurs a break in service. If a participant incurs a break in service, he shall cease to be a participant and shall become a terminated participant. A terminated participant shall again become a participant in this plan on the eligibility date immediately following the plan year in which he earns at least 50 points. Normal retirement date shall be the date on which the participant attained his 65th birthday and received credit for at least seven years of service under the Plan. Plan provisions and the authority to amend the provisions are established by the Board of Selectmen.

Town of Canton Defined Contribution Retirement Plan

Any employee hired since January 1, 2003, other than an employee whose employment is part-time or season, working at least 30 hours a week or five months per year shall become a participant in the Plan after completing one month of service. Participation is mandatory. Participants' interest in their contribution, rollovers and Town contributions is fully vested at all times.

Contributions

Town of Canton Volunteer Firefighters and Ambulance Personnel Pension Plan

The Town shall contribute \$400 on behalf of each participant who elects the new benefit. The maximum number of plan years for which the Town will make a contribution on behalf of any participant is 35 plan years. The total Town contribution during the year ended June 30, 2010 was \$18,800. Participants are not required or allowed to make contributions.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (*Continued*)
JUNE 30, 2010

NOTE 10 - PENSION PLANS (*Continued*)

DEFINED CONTRIBUTION PLANS (*Continued*)

Contributions (*Continued*)

Town of Canton Defined Contribution Retirement Plan

The Town and the participants are required to make contributions. For a general Town employee, the Town is required to make a 6.0% contribution and the employee is required to make a 4.0% contribution. For full-time police employees, the Town is required to make a contribution up to 12% and police employees are required to make a 6.5% contribution. The total Town contribution during the year ended June 30, 2010 was \$234,046, and the employee contribution was \$153,822.

TEACHERS' RETIREMENT SYSTEM

The faculty and professional personnel of the Board of Education participate in a contributory defined benefit plan, established under Chapter 167a of the Connecticut General Statutes, which is administered by the Connecticut State Teachers' Retirement Board.

Certain part-time and all full-time certified teachers are eligible to participate in the plan and are required to contribute 7.25% of their annual earnings to the plan. The Town does not and is not legally responsible to contribute to the plan. After five years of service, teachers are fully vested in their own contributions. After ten years of service, teachers are fully vested in the monthly pension benefit which is payable at the age of sixty. The State of Connecticut contributes based on actuarially determined amounts. The funding level was determined based on an actuarial valuation of the plan as a whole, which does not provide actuarial information on an individual Town basis. For the year ended June 30, 2010, Town teachers contributed \$725,748 to the plan and covered payroll for the year was \$10,010,317.

In accordance with the provisions of Governmental Accounting Standards Board Statement No. 24, the Town has reported "on behalf" payments of \$1,548,596 made by the State of Connecticut into the plan as intergovernmental revenues and education expenditures of the General Fund in the accompanying statement of revenues, expenditures and changes in fund balances of governmental funds.

NOTE 11 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

The Town of Canton administers the Town of Canton Other Post-Employment Benefits Program (the "Plan"), which is a single-employer defined benefit plan. The Plan provides healthcare insurance benefits for eligible retirees and their spouses through the Town's group health insurance plan, which covers both active and retired members. Benefit provisions are established by the Town and the General Statutes of the State of Connecticut. The Plan is considered to be part of the Town's financial reporting entity. The Plan does not issue a publicly available financial report and is not included in the financial statements of another entity.

Summary of Significant Accounting Policies

The Plan is accounted for using the accrual basis of accounting. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plans.

Investments are recorded at fair value. Securities traded on national exchanges are valued at the last reported sales price. Investment income is recognized when earned and gains and losses on sales or exchanges are recognized on the transaction date.

Administrative costs of the Plan are generally financed through investment earnings.

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 11 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (Continued)

Plan Provisions

Teachers and administrators: Teachers or administrators retiring under the Connecticut State Teachers Retirement System are eligible to receive health benefits for self and spouse. Normal retirement for teachers and administrators is the earliest of age 60 with 20 years of service, or completion of 35 years of service regardless of age. Early retirement is the earliest of age 60 with 10 years of service, any age with 25 years of service, or age 55 with 20 years of service.

School secretaries: Grandfathered secretaries who are at least 55 years old and with 10 years of service are eligible to continue health insurance coverage for self and spouse. Normal retirement age for school secretaries is age 62 with five years of service.

BOE Custodians: Grandfathered custodians who were hired prior to July 1, 2007 are eligible to continue health insurance coverage for self and spouse. Normal retirement age for custodians is age 62 with five years of service.

BOE Central office staff: Retired central office employees are eligible to continue health insurance coverage for self and spouse.

Funding Policy

Contribution requirements of the plan members and the Town are established in the provisions of the program and in accordance with the General Statutes of the State of Connecticut. Plan members receiving benefits contribute 100 percent of their premium costs. For fiscal year 2010, contributions totaled \$280,100. During the year ended June 30, 2010, the Town began funding these benefits in an Other Post Employment Benefits Trust Fund.

Annual OPEB Cost and Net OPEB Obligation (Asset)

The Town's annual OPEB cost (expense) is calculated based on the annual required contribution ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town's net OPEB obligation (asset).

Annual required contribution	\$ 187,000
Interest on net OPEB obligation	5,360
Adjustment to annual required contribution	(5,234)
Annual OPEB cost (expense)	<u>187,126</u>
Contributions made	<u>280,100</u>
Decrease in net OPEB obligation	(92,974)
Net OPEB obligation, beginning of year	67,000
Net OPEB asset, end of year	<u><u>\$ (25,974)</u></u>

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Annual OPEB Cost and Net OPEB Obligation (Asset) (Continued)

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation (asset) for 2009 and 2010 (the only years with available data) is as follows:

Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
2009	\$ 229,000	70.7%	\$ 67,000
2010	187,126	149.7%	(25,974)

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2008 (the date of the most recent actuarial valuation) was as follows:

Actuarial Value of Assets (A)	Actuarial Accrued Liability (AAL) - Projected Unit Credit Cost Method (B)	(Overfunded) Unfunded AAL (UAAL) (B-A)	Funded Ratio (A/B)	Covered Payroll (C)	UAAL as a Percentage of Covered Payroll ((B-A)/C)
\$ -	\$ 1,591,000	\$ 1,591,000	0.0%	N/A	N/A

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of events in the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the Town are subject to continual revision, as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the Town and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the Town and the plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Town and plan members in the future. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

TOWN OF CANTON, CONNECTICUT
NOTES TO THE FINANCIAL STATEMENTS (Continued)
JUNE 30, 2010

NOTE 12 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees or natural disasters. The Town established an internal service fund, the medical insurance fund, to account for and finance the risk of loss for the Town's employee medical benefits claims. The Town purchases commercial insurance for all other risks of loss. During the year ended June 30, 2010, deductibles paid by the Town were insignificant. Settled claims from these risks did not exceed commercial insurance coverage during the three years ended June 30, 2010. There were no significant reductions in insurance coverage from amounts held in the prior year.

A third party administers the medical insurance plan for which the Town pays a fee. The medical insurance fund provides coverage for all eligible Town and Board of Education employees. The Town has purchased a stop loss policy for total claims in any one year exceeding an aggregate of 125% of expected claims and for individual claims exceeding \$150,000 for hospital, major medical and century preferred.

The medical insurance fund is substantially funded by the Town's General Fund based upon estimates for the number of employees and type of coverage (single or family) and trends in the insurance claims and estimates for administration. The claims liability reported at June 30, 2010 is based upon the provisions of GASB Statements No. 10 and 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements and the amount of the possible loss can be reasonably estimated. The amount of claims payable is based on the ultimate costs of settling the claim, which includes past experience data, inflation and other future economic and societal factors and incremental claim adjustment expenses, net of estimated subrogation recoveries. Claims payable does not include other allocated or unallocated claims adjustment expenses.

A schedule of changes in the claims liability for the years ended June 30, 2009 and 2010 is presented below:

Year Ended June 30	Claims Payable, Beginning of Year	Claims and Changes in Estimates	Claims Paid	Claims Payable, End of Year
2009	\$ 261,702	3,051,511	3,019,740	\$ 293,473
2010	293,473	2,837,513	2,897,371	233,615

NOTE 13 - COMMITMENTS AND CONTINGENCIES

There are several legal matters pending against the Town. The outcome and eventual liability to the Town, if any, in these cases is not known at this time. The Town's management, based upon consultation with legal counsel, estimates that potential claims against the Town, not covered by insurance, resulting from such litigation would not materially affect the financial position of the Town.

The Town has received state and federal grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for any expenditure disallowed under terms of the grant. Based on prior experience, Town management believes such disallowances, if any, will not be material.

The Town may be subject to rebate penalties to the federal government relating to various bond and note issues. The Town expects such amounts, if any, to be immaterial.

NOTE 14 - PRONOUNCEMENT ISSUED BUT NOT YET EFFECTIVE

The Town has not completed the process of implementing GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The Town is therefore unable to disclose the impact that adopting this statement will have on its financial position when such statement is implemented. GASB Statement No. 54 establishes fund balance classifications based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds, and clarifies existing governmental fund type definitions. GASB Statement No. 54 is effective for fiscal periods beginning after June 15, 2010.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds account for the proceeds of specific revenue sources that are legally restricted for specified purposes. Nonmajor special revenue funds include the following:

Dog Control Fund – A fund created pursuant to Connecticut General Statutes that is legally restricted to expenditure for particular purposes.

Federal/State Education Grants Fund – A fund created to account for revenues and expenditures of State and Federal education grants.

School Cafeteria Fund – A fund created to account for the operations of school cafeterias.

BOE Consolidated Fund – A fund established to account for various Board of Education proceeds of specific revenue sources that are legally restricted for specified purposes but not recorded in another special revenue fund.

Canton Gate Fund – A fund established to account for donations and expenditures related to maintenance and repair of a metal sculpture entitled “Canton Gate” located at Mills Pond Recreation Area.

WPCA Operations Fund – A fund established to account for the collection of sewer use charges and inspection fees that finance the operating expenditures of the wastewater treatment facility.

Acquisition of Open Space Fund – A fund created by the Board of Selectmen to segregate funds from the capital plan and deposit fees from contractors in lieu of open space designated by the development agreement for acquisition of open space. This fund also collects State matching funds from a DEP open space acquisition grant.

Miscellaneous Grants Fund – To account for small miscellaneous grants and expenditures related to these grants.

Parks and Recreation Fund – To account for recreational, social and cultural programs to meet the needs of all segments of the community, including youths, teens, adults, seniors and individuals with special needs.

Senior Services Fund – To account for the operations of senior services and programs.

Drug Forfeiture DARE Fund – To account for revenues and expenditures related to substance abuse education, prevention and related programs from funds received from state and federal programs.

Emergency Services Fund – To account for revenues and expenditures related to the provision of emergency medical services and the receipt of fees for such services.

Pond View Drive Fund – To account for financing of Pond Road and Pond View Drive road and drainage improvements to benefit the properties upon which special assessments are levied.

Library Special Revenue Fund – To account for gifts, donations and bequests made to the library and to supplement general fund appropriations for collection development and technology infrastructure.

Youth Services Fund – To account for the proceeds from ticket and concession sales at events sponsored by the Youth Services Bureau as well as the grant from the State of Connecticut that is expended for counseling, programming and youth services activities.

Donations Special Revenue Fund – To account for donations given to the Town.

Severance Fund – A fund established to account for severance related expenditures.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Amelia Dyer Fund – A fund established to provide for maintenance of the Dyer Cemetery.

Cemetery Fund – A fund established to account for revenue and expenditures related to the Town's cemeteries. The interest on the investment of the fund is used for expenses on the Town's cemeteries.

Open Space Endowment Fund – To maintain open space at Griswold Farms. The interest from the endowment will be used to mow grassed areas within the Green and perform general maintenance.

AGENCY FUNDS

Agency funds are used to report resources held by the Town in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Agency funds include the following:

Student Activities Funds - To account for monies from various self-funding school activity funds.

Performance Bonds Fund - To account for cash bonds and other cash and investments held by the Town to ensure compliance with specifications and regulations with respect to various building projects and improvements..

STATISTICAL SECTION

STATISTICAL SECTION

This part of the Town's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

CONTENTS	<u>Page</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the Town's financial performance and well-being have changed over time.	85
Revenue Capacity	
These schedules contain information to help the reader assess the factors affecting the Town's ability to generate its property taxes.	90
Debt Capacity	
These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.	93
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place and to help make comparisons over time and with other governments.	95
Operating Information	
These schedules contain information about the Town's operations and resources to help the reader understand how the Town's financial information relates to the services the Town provides and the activities it performs.	97

Sources: Unless otherwise noted, the information in the accompanying tables is derived from the comprehensive annual financial reports for the relevant year. The Town implemented Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments* in fiscal year 2003; tables presenting government-wide information include information beginning in that year.
